

## A Note About This Catalog

We partner with HDL for the hardware you see in this catalog. This is not the complete catalog. To save on downloading time we have taken out everything that is not knobs, handles, or pulls for cabinet doors and drawer fronts. Because of this, the number at the bottom of the page will not be the same as the number in your pdf preview. If you are interested in any of the other options, such as in-cabinet soft-close trash pull-out units or lazy susans, please email us directly at [carl@cabinetrx.com](mailto:carl@cabinetrx.com) and we will discuss options with you.

## How to Use This Catalog

Each section is broken down by "finish" and then each "brand" has it's own section within that finish. There may be very similar handles and knobs from multiple brands in the same finish with different prices. Please keep this in mind when looking at similar handles.

## About Finishes and Samples

There is a finish guide a couple of pages into this pdf, which can be helpful in seeing the difference between finishes. We cannot get physical samples of every handle in this catalog and a sample of a finish or a particular handle you are interested in may not always be available.

## About Pricing

The price you see for the handle on the right side of each page is the price you will pay for each. There are 3 columns in the pricing section (see example image below). The first column is the price per each if you are ordering less than the quantity listed in the Qty column. If you are ordering over the quantity, you will pay the cost in the last column per each handle. If you're unsure if you will get the better pricing, please ask and we'll help you. If you don't know the quantity you need, please ask.

## About Sizing

To the right is an example of the numbers you will see below each handle picture. The size is from the middle of one screw hole to the middle of another and may not be the exact length of the handle. This size helps us when we install and if you are replacing handles on existing doors (so you can match up the handle holes, if needed). As you can see in the example, the full length of this handle would be a little more.

## About Ordering

Please let us know the exact number that is in this catalog for the handle you want (including the space and any numbers or letters after the space) and the quantity.

A large background image for the Amerock pull advertisement. It shows a kitchen counter with a white countertop and light green cabinets. On the counter, there is a vase with green ferns and two decorative figurines. The Amerock logo is in the top left corner. Two pull styles are highlighted: "Fairfax" (a long, brushed metal pull) and "Cowrie" (a shorter, curved pull). The text "A comprehensive offering." is in the center. Two callout boxes provide details about the pull offerings. The name "Balata" is visible on a cabinet pull in the bottom right corner.
